Main Concept

This exclusive sheet flooring collection embodies the detailed reality of natural wood reinforcing the beauty of any interior space.

Features

1. INCREASE IN DESIGN SIZE

Using our new solution, the plank size in this collection is 1.5 times larger compared to standard sheet plank sizes which gives spaces the illusion of a larger and more open floor plan

2. EMBOSSING TECHNIQUE

Our new advanced E.I.R. technology enables a wood visual that looks and feels more real than actual wood creating a natural and elegant space.
